

The Priesthood Helps Me

BECOME LIKE CHRIST

Now these ordinances were given after this manner, that thereby the people might look forward on the Son of God, it being a type of his order, or it being his order, and this that they might look forward to him for a remission of their sins, that they might enter into the rest of the Lord.

Think about It

What do you see in this art?

Why do you think the artist made the background red?

'Type' refers to a literal object pointing to a literal fulfillment. What is the water in the sacrament a 'type' of?

The sacrament bread is a 'type' of what?

'Types' and 'shadows' are words we use today, but they do not have the same meaning as when they are used in the Bible. Everything around us can be a type, because as the scriptures say, "all things denote there is a God" (Alma 30:44). Alma taught that ordinances were a type of the Order of the Son of God. Alma and his people had these types to look forward to Jesus Christ, and we now use the same ordinances to always remember His sacrifice. The background being red in this art is symbolic of His blood He shed for us, and the water we partake in the sacrament is a type of that blood. The bread is a type of His body. Because of the restoration of the priesthood, all of us can become more like Jesus Christ through these sacred ordinances and covenants.

HEIDI CARTER - ARTIST

I testify that because the priesthood has been restored, the power and authority of God are upon the earth. Through callings and councils, men and women, young and old, can participate in priesthood work. It is a work of miracles, attended by angels. It is the work of heaven, and it blesses all God's children.

The Priesthood

by Elizabeth Little

Men and women, boys and girls
Are blessed by priesthood power.
The power of God is on the earth
With miracles every hour.
Ancient keys have been restored
Heaven's work is here.
Ordinances, covenants, direction,
Peace and angels ever near.
